

A diagram on the left side of the slide shows a network structure. It consists of five white circles arranged in a diamond shape: one at the top, two in the middle, and two at the bottom. These circles are interconnected by a network of thin white lines. A single line extends upwards from the top circle, and two lines extend downwards from the bottom circles, meeting a horizontal line that spans the width of the slide. The circles and lines are white, contrasting with the dark, starry background.

# DDNS

**HackaOne 2023**

Decentralized Domain Name Service for Enterprise

# Enterprise Decentralized Domain Solution

## For Customer Engagement and Acquisition

### Unique Domain Name

Launch **.xxx** in minutes!

Your project name here

### Decentralized & Secure

DID guarantee data sovereignty for  
end users

Web3 Native Identity Solution

# DDNS FUTURE POTENTIAL

## DAO DID Tooling

Enterprise DAO Tooling for web3 company governed by DAO

## Airdrop

Everyone can host low cost airdrop with easy sign up experience hosted by DDNS

## Gaming

Gaming account needs DID!  
Imagine having a DID  
pokemon account end in  
.POKEMON

## Communication

DDNS plan to support  
build-in communication  
features in the future
